Section 1194.22 Web-based internet information and applications

Criteria	Supporting features	Remarks and explanations
(a) A text equivalent for every non-text element shall be provided (e.g., via "alt", "longdesc", or in element content).	Partially supported.	Some non-text elements have it and some don't.
(b) Equivalent alternatives for any multimedia presentation shall be synchronized with the presentation.	N/A	We don't have any multimedia presentations.
(c) Web pages shall be designed so that all information conveyed with color is also available without color, for example from context or markup.	N/A	Our product is a set of Web Parts to build the web pages. We don't ship the web pages.
(d) Documents shall be organized so they are readable without requiring an associated style sheet.	N/A	Our product is a set of Web Parts. This is not applicable to us.
(e) Redundant text links shall be provided for each active region of a server-side image map.	N/A	We don't use server side image map.
(f) Client-side image maps shall be provided instead of server-side image maps except where the regions cannot be defined with an available geometric shape.	N/A	We don't use server side image map.
(g) Row and column headers shall be identified for data tables.	Partially supported.	Some row and column headers are identified and some don't.
(h) Markup shall be used to associate data cells and header cells for data tables that have two or more logical levels of row or column headers.	Partially supported.	
(i) Frames shall be titled with text that facilitates frame identification and navigation	N/A	We don't use frames.
(j) Pages shall be designed to avoid causing the screen to flicker with a frequency greater than 2 Hz and lower than 55 Hz.	Supported	
(k) A text-only page, with equivalent information or functionality, shall be provided to make a web site comply with the provisions of this part, when compliance cannot be accomplished in any other way. The content of the text-only page shall be updated whenever the primary page changes.	N/A	Our product is a set of Web Parts. This is not applicable to us.
(l) When pages utilize scripting languages to display content, or to create interface elements, the information provided by the script shall be identified with functional text that can be read by Assistive Technology.	Partially supported	Some scripts are identified with functional text and some don't.
(m) When a web page requires that an applet, plug-in or other application be present on the client system to interpret page content, the page must provide a link to a plug-in or applet that complies with §1194.21(a) through (l).	N/A	
(n) When electronic forms are designed to be completed on-line, the form shall allow people using Assistive Technology to access the information, field elements, and functionality required for completion and submission of the form, including all directions and cues.	Partially supported	
(o) A method shall be provided that permits users to skip repetitive navigation links.	N/A	Our product is a set of Web Parts to build the web pages. We don't ship the web pages.
(p) When a timed response is required, the user shall be alerted and given sufficient time to indicate more time is required.	N/A	Our product is a set of Web Parts to build the web pages. This is not applicable for us.

Section 1194.31 Functional performance criteria

<i>Criteria</i>	Supporting features	Remarks and explanations
(a) At least one mode of operation and information retrieval that does not require user vision shall be provided, or support for Assistive Technology used by people who are blind or visually impaired shall be provided.	Not supported	
(b) At least one mode of operation and information retrieval that does not require visual acuity greater than 20/70 shall be provided in audio and enlarged print output working together or independently, or support for Assistive Technology used by people who are visually impaired shall be provided.	Not supported	
(c) At least one mode of operation and information retrieval that does not require user hearing shall be provided, or support for Assistive Technology used by people who are deaf or hard of hearing shall be provided	Supported	
(d) Where audio information is important for the use of a product, at least one mode of operation and information retrieval shall be provided in an enhanced auditory fashion, or support for assistive hearing devices shall be provided.	N/A	Our product does not use audio.
(e) At least one mode of operation and information retrieval that does not require user speech shall be provided, or support for Assistive Technology used by people with disabilities shall be provided.	N/A	Our product does not use user speech to operate.
(f) At least one mode of operation and information retrieval that does not require fine motor control or simultaneous actions and that is operable with limited reach and strength shall be provided.	Not supported	

Section 1194.41 Information, Documentation and Support

<i>Criteria</i>	Supporting features	Remarks and explanations
(a) Product support documentation provided to end-users shall be made available in alternate formats upon request, at no additional charge		Online help is currently available in Microsoft HTML Help format and in PDF format upon request. Other product documentation is available in PDF format. With a special documentation license, our products support accessibility software that converts .PDF files into speech for the visually challenged.
(b) End-users shall have access to a description of the accessibility and compatibility features of products in alternate formats or alternate methods upon request, at no additional charge.		
(c) Support services for products shall accommodate the communication needs of end-users with disabilities.		Quest Software’s Support Services is familiar with such features as keyboard access and other options important to people with disabilities. For technical assistance in the United States, you can contact Quest Software Support Services on a text telephone at (800) 306-9329 between 5:00 A.M. and 5:00 P.M. Pacific Time, Monday through Friday, excluding holidays.
